

NOTICE BEFORE POOL IS USED

1. Final Electrical Inspection Certification **MUST BE** approved and recorded in the Building Department.
2. The Pool Enclosure must be completed before water is put in the pool. It is a violation of the residential Code of New York State to install a swimming pool without the mandated enclosure. A temporary enclosure shall be installed, and shall remain in place throughout the period of installation of the swimming pool and until the installation of the complying permanent enclosure has been completed. The complying permanent enclosure must be completed within 90 days after the date of issuance of the building permit for the installation or construction of the swimming pool – **OR** – the date of commencement of the installation or construction of the swimming pool.
3. A self-closing and self-latching device must be installed on all gates.
4. All swimming pools shall be equipped with an acceptable pool alarm capable of detecting a child entering the water and to give an audible alert.
5. A Certificate of Compliance must be issued by the Building Dept. **before** the pool can be used.

Subject to the Residential Code of New York State, Section AG 105 and AG 106 and Sections 1228.2 and 1228.4 of Title 19 NYCRR.
